Dear Mr. Collachi,

Thanks for your letter of the 21st and the enclosed clippings. Last week I received them from a 'Frisco friend.

I have finished the rough draft and need no more clippings like these. What I've been able to write from sources on that is adequate.

The one area in which I would like to have more information is on Posner himself I have the ~~FAKE~~ Jerry Carroll Chronicle story of 9/30 in which among other things Posner says he went to Hastings for his law degree. He did not, according to Martindale-Hubbell, the standard directory.

So, if you can find any and have the time, I'm interested in any other interviews in any papers out there. I wrote Patricia Holt after reading her review and column. She has not replied.

I appreciate the time you took for this and do thank you for it.

Best wishes,

Harold Weisberg
